(a)
(b)
(c)
(d) Below is a pivot table that includes data from the problem. With a bit of clicking, you should be able to verify the solutions to part (a) and part (b), as well experiment with numerous other sorts of the tabular information.

| Pivot Table |  |  |  |  |  |
| :--- | :---: | ---: | ---: | ---: | ---: |
| Data |  |  |  |  |  |
| Expense | Sum of Cathy | Sum of David | Sum of Rachel | Sum of Caroline | Sum of Total |
| Auto | $\$ 220.20$ | $\$$ | - | $\$ 124.44$ | $\$ 188.88$ |
| Books | 332.23 | 433.89 | 779.54 | 210.00 | $1,755.66$ |
| Clothing | 66.90 | 423.65 | 103.19 | 385.58 | 979.32 |
| Electricity | 68.90 | 110.78 | 55.89 | 76.99 | 312.56 |
| Entertainment | 44.67 | 25.00 | 321.56 | 66.56 | 457.79 |
| Food | 150.76 | 344.56 | 266.76 | 222.92 | 985.00 |
| Insurance | 87.76 | 55.55 | 144.09 | 47.75 | 335.15 |
| Phone | 45.45 | 88.09 | 25.00 | 37.98 | 196.52 |
| Rent | 475.00 | 300.00 | 395.00 | 225.00 | $1,395.00$ |
| Tuition | 825.00 | 990.00 |  | - | 500.00 |
| Grand Total | $\$ 2,316.87$ | $\$ 2,771.52$ | $\$ 2,215.47$ | $\$ 1,961.66$ | $\$ 9,265.52$ |
